**MEMORANDUM FOR:** Chief, Planning, Programming and Budgeting Staff  
Chief, Imagery Exploitation Group  
Chief, Production Services Group  
Chief, Technical Services and Support Group

**SUBJECT :** Project ARGO Symposium, NPIC Auditorium, 6 March 1968

1. Because the number of applicants for seats for the Project ARGO Symposium far exceeds the capacity of the NPIC Auditorium, the seat allotment of the various agencies has had to be reduced. We had originally provided to [redacted] Executive Office of the President, a list of 20 names, with the understanding that alternates would also use many of these seats during the course of the day. We now have 10 seats allotted, in the names of the following individuals:

2. In addition to the above, the original list had the following names. Perhaps you will find it desirable for those and others who had so planned to use seats when they are free.
